

Atal Mission For Rejuvenation and Urban Transformation (AMRUT), Kerala

Empanelment of Consultants for Sewerage & Septage Projects

REQUEST FOR EXPRESSION OF INTEREST

June 2020

1. Introduction

Atal Mission for Rejuvenation & Urban Transformation (AMRUT) aims at providing basic services to households and build amenities in cities which will improve the quality of life for all, especially the poor and the disadvantaged. The mission period of AMRUT is 2015-2021. There are different projects under 5 sectors, such as Water Supply, Sewerage & Septage Management, Urban Transport, Storm Water Drainage and Parks. The projects under AMRUT mission is being implemented in 9 Mission cities(6 Municipal Corporations and 3 Municipalities such as Alappuzha, Guruvayoor and Palakkad).

1.2 Objectives of the Scheme

- To ensure that every household has access to a tap with assured supply of water and a sewerage connection
- To increase the amenity value of cities by developing greenery and well maintained open spaces
- Reduce pollution by switching to public transport or constructing facilities for non-motorized transport

2. Present Scenario

Septage and Sewerage Management is one of the priority sectors under AMRUT Mission. Presently, there are 22 projects amounting to Rs.407.97Cr in sewerage(14 projects amounting Rs.379.68Cr) and septage (8 projects amounting Rs.28.29Cr) sector which are directly to be executed by Urban Local Bodies on which tendering and awarding are in progress. The Urban Local Body engineering wing require technical support for the on-site implementation of Septage and Sewerage projects which are piloted in their mission cities. Hence it is suggested to appoint a panel of Experts including experts of Environmental, Mechanical and Electrical Engineers to provide technical expertise and assistance to Urban Local Body Engineers.

3. Empanelment of Technical Resource Persons

Applications are invited for the empanelment of Technical Resource Persons in AMRUT Mission Kerala for training and assisting Urban Local Body Engineers in the supervision and execution of Sewerage & Septage Projects as well as in scrutiny & certification of

Detailed Project Report(DPR), machinery to be supplied, measurement of bills of work executed etc. The empanelment will be initially for a period of one year and extended on mutual consent.
